## TELEGRAPHIC.

NEWS FROM ALL POINTS.

(By Special Telegraph.)

Qu'Appelle, Sept. 19.

Next.

Edison has hit on a plan establishing communication between the earth and sun by telephone.

Death of Office.

Dryden, Harcourt and Bronson have been sworn in amongst the new Ontario Cabinet ministers.

The McKinley Tariff.

Sir John Macdonald, in his speech at Morrisburgh on Tuesday, said Canadians would rather the McKinley Tariff Bill would not pass, but it was certain to come into force. Its effect would be detrimental to Canadian interest, but Canada would survive, as new channels of trade were opening.

Delegates Arrived.

The British Farmer Delegates arrived in Winnipeg under the guidance of G. H. Campbell.

Don't Think So.

It is reported that Mr. Dewdney is shortly to retire from the Cabinet, probably to be succeeded by Mr. Davin.

Heavily, Sept. 13.—Miss McEwen, sixteen years old, suicided because her father was to marry a second wife.

To be Banquetted.

Sir Hector Langevin is to be banquetted at Winnipeg on Monday next.

New Warden.

It is rumored that Hon. Thos. Howard will be appointed warden of the Manitoba Penitentiary. It is not known where Beldson is to go.

The Oil Regions.

The Imperial Oil Co., are negotiating to obtain oil claims at the Crow's Nest Pass. If successful, refineries will be established and the Galt railway is to be extended there.

A Rich Find.

There has been a rich nickel find at Straight Lake, near Sudbury, Ont. The vein in some places is thirty-four feet wide.

Murder Trial.

Woodstock, Sept. 18.—The Benwell murder trial begins on Monday. The murderer is confident of his acquittal.

Prisoners Escape.

Eight prisoners escaped from the Grand Forks jail on Monday. They are still at large.

Lecture.

Mr. Richardson, Advisory Counsellor, now in Montreal, will deliver several lectures on the Northwest before returning west.

Contract Let.

The contract for printing the report of the Board of Education was let to the Calgary Herald.

Poisoned.

BIRMINGHAM, Sept. 17.—One hundred negroes were poisoned on Sunday, near Colerene, by eating meat poisoned by arsenic.

A Long Fast.

Mrs. Adam Nucster, of Carbondale, P.A., has fasted 161 days, but is in a critical condition.

A RARE CHANCE.

Ruptured and deformed people should not forget that Chas. Clueth, the celebrated Surgical Machinist, of 118 King Street West, Toronto, will make a trip through the Northwest, as will be seen by the advertisement in another column.

Mr. Clueth has attained a wide spread reputation for the cure of Rupture and Deformities by Mechanical Treatment; and is known all over the Dominion as a man of rare ability and skill. Yew have mastered this difficult profession as thoroughly as he has, and certainly none have attained public fame and confidence so rapidly. He deserves his success, so give him a call if you require anything in his line. Be sure to locate your nearest place from his advertisement and to be in time, as Mr. Clueth's visit cannot be prolonged and you can depend on his being at the place advertised on time.

## CRICKET MATCH

Cricket is a glorious game and the excitement from watching such a game as was played last Saturday between the married and single members of the P.A. Cricket Club on the club's grounds is a sensation long to be remembered. Some very good cricket was played by the contestants, but any observer could easily detect a woful lack of practice among the players. The most prominent feature of Saturday's game was the bold and daring catch of Joe McKay, a fair representative of the married state, who not placing much confidence in his tender white hands made a sure thing of it by using his Christy stiff in preference, gaining thereby—to the opposing side—three runs. To further mention individual play might perhaps grate harshly on the feelings of some of the old veterans of both sides and a perusal of the appended score will be all that is necessary to enlighten those who were not fortunate enough in witnessing the game. The single men however have already intimated that they are satisfied that the result was an exceptional one and may in the near future demonstrate to their opponents of Saturday that such was the case. Mr. Geo. Northgraves and Mr. Warren, N.W.M. Police, who are now as indispensable to a game of cricket in Prince Albert as the wickets or ball, were the umpires and it is quite unnecessary to say gave universal satisfaction. To Messrs. Dyke-Parker and C. Ne with a good deal of credit should be given for arranging teams, hunting up players and providing an afternoon's amusement. Below will be found the scores.

WE NEED MORE PUBLIC IMPROVEMENTS.

There is a woful lack of public improvements in Prince Albert this summer. In no other town in the Territories we venture to say is the disproportion between private and public works so decidedly marked. Merchants, land owners and others have all done their fair share in building good stores, residences and otherwise permanently improving their properties. All that private enterprise can do has been done to improve the town and make it look handsome and business like and give it a genial air of prosperity, but, and it is a very large but, the strings of the public purse appear to be tied in an extensible knot and no one can find the combination. Is it not high time that our city fathers took up the matter of needed public improvement and in a liberal spirit endeavored to keep pace with the private enterprise which has been such a distinguishing figure of the citizens of Prince Albert. We are sadly in need of sidewalks and during the exceptionally wet season we are just emerging from, this want has been emphasized, strongly enough. Then comes the question of street lighting, a most important one, and not less so the question of fire protection and a water works besides several minor pressing public needs. We believe that the time has arrived for action to be taken in these matters and we have no hesitation in stating that we believe the citizens generally take this view and are anxious that the to-morrow policy of the Council should be discarded and substituted for one which should have more of the present in its deliberations.

## LOCAL HAPPENINGS

In Our Midst.

Fish's Fall Stock has arrived. F. C. Baker has just opened out a mammoth stock of dry goods.

Russell's new store is fast nearing completion.

Rev. Pere Teston, of Green Lake, was in town this week.

Betts & Gwynne will shortly have the carpenters at work extending and refitting up their premises.

All is new at Fish's

J. M. R. Neely, arrived home on Saturday from a short holiday outing on the shores of Sandy Lake.

The daily output of lumber at the Moore & Macdonald mill at the present time reaches about 21,000 feet.

Thos. Oram, proprietor of the Queens Hotel of this town, will leave about 1st of October on a health seeking trip to Banff.

Call and see Fish's new stock.

The Woodbine Saloon is being painted and otherwise brushed up. It will present quite a youthful appearance when finished.

E. J. Cann and R. Cook left on Monday for Sandy Lake on a visit to the camp of Mr. Chas. Mair at that charming pleasure resort.

Major Cotton, who is to succeed Major Perry in command of F. Division, N.W.M.P., arrived here this week, and is staying at the Queen's.

C. Woodman is removing part of his livery outfit to the centre of the town. His stables are situated on First street, in rear of R. C. Wigmore's store.

Fish does not buy anything but new stock.

Workmen are busily employed grading the River bank nearly opposite the H.B. Co.'s store in Goschen, preparatory to hauling up for repairs the steamers Marquis and Northwest.

Somewhere in the neighborhood of three carloads of beer consigned to the different hotels and saloons of the town was received and delivered from the Prince Albert station this week.

Messrs. Newlands and Macarthur, who are now the only trustees of the Nisbet Academy resident here, left on Thursday morning to attend a sitting of the board soon to be held in Winnipeg.

The Queen's this week received carload of furniture, bedroom suites, etc., for the new addition, which is now about completed. It is now one of the largest and best equipped hotels in the Territories.

R. T. Goodfellow has extended his store some twenty feet back and fitted the new part up with shelves and counters. The alterations are a great improvement to his already neat and tasty confectionery establishment.

Mr. Poyer, of Duck Lake, was in town on Tuesday. He has just returned from a visit to his former home in the province of Quebec and expresses himself more strongly than ever on the desirability of Saskatchewan as a country to live in.

Mr. W. J. Carter, early next week, begins the erection of a new residence for Mr. J. McTaggart, Dominion Lands Agent. It will be situated on the hill immediately in rear of the court house, and will command an excellent view in all directions.

Before the departure of Major Perry from Prince Albert, the non-commissioned officers of F. Division, N.W.M.P., will present Mrs. Perry with a handsome and valuable solid silver tea service, as a mark of their esteem and gratitude for her many kind acts to them during her residence amongst them.

Mr. Betts visited the East End Public School on Thursday last for the purpose of presenting two handsome silver medals given the School by him for competition in Canadian geography. Miss Miller and Miss Deacon were the successful competitors. Mr. Betts' liberality to the school is fully appreciated both by pupils and teachers.

The Public and High Schools, together with the Convent and Emmanuel College, are now in full running order, teachers and scholars hard at work again after the long holiday. If they feel like the average Prince Albert man after he has had a holiday, they will agree with one who said "no person is more in need of a holiday than a man who has just had one."

See our meltons, at 20 cents per yard, and our grey flannel at 15 cents per yard, F. C. Baker.

See Fish's groceries.

Agnew's Coal Oil has arrived. Now is the time to secure your winter supply.

Sugar 10 cents per pound; Tea 30 cents per pound, and flour \$2 50 per sack, at F. C. Baker's.

Amongst the arrivals at the Queen's this week were—J. Sutherland, McKenzie River; D. West, Winnipeg; Major Cotton, Miss White and maid, Regina; H. Mitchell, M.L.A., Duck Lake.

Trains on the Regina and Prince Albert Railway have been running regularly during the past fortnight between this town and Regina leaving here at 7 a.m. and arriving in Regina about 6 p.m. each alternate day.

Mr. D. J. Waggoner, whose lofty political sentiments were aired in the Press recently, will leave in a short time for his home in the limestone city. His robust form and cheery face will be missed from our streets.

Commissioner Herchmer, of the N. W. Mounted Police, arrived here this week on a visit of inspection. He paid a high compliment to those in command for the efficient state of the troop, the good condition of the horses and the general order and cleanliness which prevailed around the barracks.

If you would see the stock of Dry Goods at F. C. Baker's you would be convinced he is going to do a part of the dry goods trade. He has just opened out a lot of Ladies Jerseys, Jackets and Ulsters. Also the best assortment of Gent's Furnishings ever shown here. The prices suit the times.

East End property holders are combining with the object of securing some of the benefits of incorporation. They require some of the streets opened and graded; also, a sidewalk laid down on the principal street. We understand they intend holding a meeting with the object of putting the matter in shape, afterwards petitioning the Council for aid and concurrence in the scheme.

Mr. West of Winnipeg, representing the Standard Oil Co., of Cleveland, Ohio, was a passenger by Wednesday evening's train from Regina. He returns on Saturday morning. This is Mr. West's first trip to the capital of Saskatchewan and he carries with him besides a large order for his firm's goods, the sensible conviction that this is the finest portion of the Northwest by long odds.

Mr. Geo. Short with a family of six grown up sons arrived in town today. Mr. Short comes well prepared to start mixed farming on a good scale, having brought in 30 head of cattle; he will occupy Mr. A. Loudon's fine farm for the winter, and in the meantime will look up land for himself and sons. This is the first direct fruits of Mr. Miller's summer's work and is an index of what may be expected next season.

"There is on the farm of Mr. Cullum a fine well 76 feet deep, a flow of 50 feet of water. Water perfectly sweet when first got. Now it looks clear as crystal—but either from standing or some other cause the taste is not as pleasant. Such a well as that would supply a township."—Regina Leader. Certainly, Mr. Editor, if the settlers were all as antagonistic to drinking water as the average Regina editor most undoubtedly is, it would supply the whole town.

### METEOROLOGICAL.

The following are the thermometer readings, as taken at Emmanuel College, for the past week:—

September	MAXIMUM	MINIMUM
7th.....	57	28
8th.....	53	33
9th.....	43	33
10th.....	44	26
11th.....	47	26
12th.....	57	29
13th.....	47	40
